MORAN IS PREPARING LETTER OF ACCEPTANCE

CANDIDATE AND MANAGERS IGNORE THE CONFLICTING STORIES CONCERNING HIM.

John F. Moran went to-day on that he has been securing in the papers and his letter of acceptance of the Democratic nomination for Governor of Massachusetts, under way for them to get rid of the job. Refusing to be bothered by interviews of attempting to satisfy dream writers, he is relative to the many conflicting to say that they have nothing to say for stories that have been printed in the Republican and alleged Democratic newspapers. Mr. Moran kept in his room at the Savoy and mingled out the place and scope of his official acceptance.

When seen by the newspaper men, he said: "I have not the time to make any statement until I get ready and then I shall do so in my own way. I must refer to the interview relative to politics or stories."

Managers ignore "dreams."

Mr. Moran's campaign managers also refuse to take up the many conflicting dreams.

Western New York Shivers in Snowstorm
BLIZZARD RAGING

Fifteen-inch Fall at Buffalo Followed by Storm of Sleet and Rain.

By Boston American Special Wire.
NEW YORK, Oct. 11.—Western New York is still in the throes of a snow blizzard that has cut off Buffalo and the surrounding country.

In northeastern Pennsylvania a snow storm is still raging. Six inches of snow have already fallen.

The storm at Buffalo was one of the earliest snowfalls in the history of the city. It began at 10 o'clock and was followed by a blizzard. The snow was very dry and fell in a fall of snow varying from one to fifteen inches. Ohio, Indiana, New York, Pennsylvania and even Virginia have been hit with snow, which has in many instances covered up the crops and ruined the fruit trees.

Telephone and telegraph lines have been cut in many places and railway and mail service has been almost entirely stopped. The snow is so heavy that it is difficult to walk on it.

The snow to-day and last night records show the coldest October weather in the history of the bureau, while the southern reports show that even snow is possible for as far south as Georgia, and that the freezing point was reached in many places.

The first snow to fall in Buffalo, N. Y., fell yesterday. It was a heavy fall and was followed by a blizzard. The snow was very dry and fell in a fall of snow varying from one to fifteen inches. Ohio, Indiana, New York, Pennsylvania and even Virginia have been hit with snow, which has in many instances covered up the crops and ruined the fruit trees.

ORDER FORCES HIS MEN TO SIGN STATEMENT

MUST SAY THEY LIKE HOPEDALE OR THEY WILL BE DISMISSED.

MILFORD, Oct. 11.—The stories printed in the BOSTON AMERICAN relative to the red conditions in the factory walls at Hopedale, and the effect that the revolutionaries are bound to have upon the condition of John A. Draper for reelection as lieutenant governor, have thrown the Drapers into a panic.

In an attempt to refute the facts they have started a petition through the factory to which the employees are presently confined to attach their names, in which it is declared that the stories printed in the BOSTON AMERICAN are untrue.

In one of the rooms where the most skilled and intelligent workmen are employed, out of eighty employees, only four would sign the petition.

A second attempt is being made to force them to sign and some of them are attaching their names through fear that if they do not do so they will be dismissed.

One of the men in the factory is reported to have said that the factory is in a state of anarchy, and that the employees are being forced to sign a statement that they like Hopedale or they will be dismissed.

The petition drive made its appearance in the shops three days ago. Just who prepared it the men were not allowed to know. It passed from man to man as they sat at their benches or machines, and the impression was given that no one in particular was in charge of it, and that the plan originated and was being carried out by the men themselves.

When the men were told that the petition was being used to force them to sign, they were told that they were being forced to sign a statement that they like Hopedale or they will be dismissed.

Round-Up of All Celestials To-night Planned to Get Coolies Smuggled in on Schooner Frolic—Captain of Smuggler in Boston.

Every Chinaman in Providence will be arrested to-night in a wholesale raid in an endeavor to get the remainder of the forty-two Orientals who were smuggled into this country on the yacht Frolic. Eighteen of the Mongolians have been captured and are locked up in the Cranston jail near Providence.

The detectives are looking high and low for Captain Herbert F. Colby, the seadog of fortune, who carried out the adventurous conception of landing the Chinamen on American soil. The detectives believe they are close on his heels. He was seen, it is reported, at his South Boston home last evening.

Three white men are in the custody of the police at Providence as being implicated in the plot. Two of them were members of the crew of the Frolic, and the other helped land the human freight. Another member of the crew, Alfred Ames, a boy of eighteen, gave himself up at police headquarters in Boston this afternoon. He said that it was his idea that they were out looking for geological specimens for Harvard College.

CAMBRIDGE LEAGUE SCORES OPPOSITION LIES TO HURT MORAN

At an enthusiastic meeting of the Cambridge branch of the Independence League at No. 22 Huxley street last night, members refuted the "independent" stories in the Boston press and told glowing words of the league's support of John F. Moran.

The lies of the "independent" press, said President H. M. Richards, "only reveal the desperate condition of the league and the desperate condition of the league."

The meeting was called to order at 8 o'clock by President Richards and then followed a business session. There was much applause when Secretary Augustus Rogers, who is also president of the Cambridge branch, was elected.

Mr. Rogers said that he was not a member of the league, but that he was a supporter of John F. Moran.

An Alluring Array of Friday Bargains

That will illustrate in a graphic manner our ability to quote prices that cannot be equalled anywhere in New England. The entire store joins in this gala event—every section of this beautiful trading mart will contribute its quota of bargain magnets—every reader will instinctively feel the thrill of genuine interest that attaches to these wonderful bargains.

It is an assemblage of inducements that will bear close scrutiny. Remarkable as are the savings, quality is ever paramount—nothing that even suggests the semblance of inferiority is ever paraded as a bargain—the genuine bargain must be above reproach in merit, regardless of price—and that definition applies to every one of these subjoined items.

"DEFEAT DRAPER; ELECT BROWN," THE SLOGAN OF UNITED LABOR

Movement for Independence and
Democratic Candidate Sweep-
ing the State.

Action of State Federation Solidi-
fies Ranks of Workers Against
Hopelands Man.

Organized labor is united to secure the
election of E. Gerry Brown, candidate for
Lieutenant-Governor on the Independence
League and Democratic tickets. The move-
ment for the election of Mr. Brown is sweeping
the state.

"Defeat Draper; elect Brown," is the
slogan.

Throughout the Commonwealth the movement
of labor unions is now being carried out
as one of the state who is known to
represent labor and who will be true to its
interests.

Sections have workings taken such as
they have in that of Mr. Brown. The
interest was shown at the annual session of
the State branch of the American Federation
of Labor when Mr. Brown was a delegate
who appeared on the floor and was chosen
to the floor.

Movement Sweeping State.

Indorsements of labor unions all over
the State for Mr. Brown are reported
daily. By them it is shown that the
movement in his favor is sweeping the
State. With every day the number of
unions casting a vote for Mr. Brown on
election day in the State is increasing.
The American Federation of Labor, the
Largest of them, has already indorsed
Lieutenant-Governor E. Gerry Brown, and
has asked for a vote for organized labor.
His defeat has been asked for the labor
question as a precedent in the labor
movement.

Resolved, That it is the united senti-
ment of the A. F. of L. that the hour
has struck when in no other way
can the union stand to shoulder in defense
of the rights of labor.

Whereas, Eben S. Draper of Hopelands,
Lieutenant-Governor of the Commonwealth,
in the organization of street car workers in
Massachusetts, with a membership of 400
and jurisdiction over crews from Brockton
to Milton, to North Easton, Taunton, Lakeville, Weymouth,
Bridgewater, Rockland and the Abingtons, has been a
rousing indorsement to E. Gerry Brown of the Commonwealth,
and to Emmet T. Walls for Senator of the Second Plymouth District,
against George H. Gasfield, Republican, who was absent when the
overtime bill was defeated. Each member will be asked to contribute
\$1 toward the campaign fund.

A. F. of L. Calls on Labor to Defeat Draper

E. GERRY BROWN.

Resolved, that it is the united sentiment of the Massachu-
setts State Branch of the A. F. of L. that the hour has struck
when in self-defense of its organized life organized labor must
stand shoulder to shoulder in defense of its sacred rights.

Whereas, Eben S. Draper of Hopelands, Mass., has been
nominated for Lieutenant-Governor of the Commonwealth of
Massachusetts, it is the united sentiment of this convention that
the union men of this State should exert every effort to defeat
the said Draper at the coming election.

In all the annals of unionism there never appeared a more
bitter foe to organized labor than Eben S. Draper, as shown by
his acts in the past, and it is the opinion of all that the condi-
tion of affairs as they exist in Hopelands is a blot upon our
country and its constitution.—Resolutions passed by the State
Branch, A. F. of L.

Big Street Railway Union Declares for E. Gerry Brown

BROCKTON, Oct. 11.—Division 235, Amalgamated Association of

rousing indorsement to E. Gerry Brown of the Commonwealth,

overtime bill was defeated. Each member will be asked to contribute

the face of his particularly odious and labor
movement.

should indorse the vote for E. Gerry Brown,
whose reputation as a trades union
leader has been at for years," said Mr. Kimball.

Get Well Acquainted With The Mutual Life

It has been in existence sixty-three years. Public confidence and patronage have made it and kept it the largest and staunchest Life Insurance company in the world. It is owned by its policyholders. It protects thousands, but there are many others who should have the same protection. How about you? People who are so thoughtful and kind as to wish to provide for their families for the future, should get acquainted with the Mutual Life Insurance Company.

The Mutual Life Insurance Company

Let them read its history; analyze its statements; examine its investments; consult its agents. They will find a reason for its strength and stability and a reason for their confidence and patronage. The new management of the Mutual Life has been in control for nine months. Its report for the first six months will be mailed to anyone on request, or may be had of its agents. It tells what has been accomplished in conformity with the new Insurance Law; shows the vast reductions, and indicates the unusual advantages yet to reach its policyholders. In plain figures, given in a plain way, will convince any fair-minded person that the Mutual Life today justifies the good opinion of Bishop Chase, C. C. McCabe, of the Methodist Episcopal Church, who recently said: "After long and careful consideration, I am thoroughly satisfied that the present administration of both companies (the New York Life and the Mutual Life) are now effecting great economies and reforms, and that these institutions, purged as by fire, are now in a position to afford the protection of life insurance in better form, and on better terms than any known in the past." It justifies also the good opinion of Mr. James C. Colgate and his associates, who, having policies to the amount of \$2,000,000 in the Mutual Life, recently resolved that the present executive officers and trustees are, in the opinion of the Policyholders' Protective Association of the Mutual Life, faithful to its interests, and that their administration of its affairs has been and is efficient, economical and beneficial to the policyholders. THE BEST SUNDAY NEWSPAPER

Julian Hawthorne—His Series of Articles
He will have another important article in the **SUNDAY AMERICAN**. It will be one of the most interesting and entertaining this great writer has ever penned.

Comic Post Cards—Free
Given free with the **SUNDAY AMERICAN** have no equal for frolicsome fun. They are hours of laughter compressed into mirthful moments.

The Thaw Tragedy on the Stage
Harry Thaw is in the Tombs awaiting trial for murder. But his prototype is on the stage in a thrilling melodrama. The story of how a dramatist has used the slaying of Stanford White is startling. An actress has been found who looks enough like Evelyn Nesbit to play the part.

The Campaign Most Completely Reported
Politics is looming large in the centre of the stage. All the real news of the great campaigns can be found in the **SUNDAY AMERICAN**.

Dramatic News and Gossip—Splendidly Illustrated
The stage always has human interest, if the news is told as it is told and pictured in the **SUNDAY AMERICAN**. Read the gossip of the stage and see the pictures of the plays and players now in town and coming.

Society Folk Read the Sunday American
Because they find in it the best pictures and the most accurate information about life in the realm of wealth and fashion. Its society pages are flashlights on the pastimes and doings of the "400."

Comic Pages—Funniest in the World
By Oppen, Outcault, Swinerton, Howarth and the other great cartoonists who draw only for the Hearst press and have left an imprint upon men and manners.

New Negligees and Latest Fashions
By Mrs. Osborn will interest every woman. They are graphically described by the greatest of American modistes.

IN NEXT SUNDAY'S BOSTON AMERICAN

"I'm looking up the Jewels as securely as I can," said
 Alice. "Presently he had told me that he was
 here, he could not have got them, and he
 thought that the most worst have turned
 away from him; unless he got away at once he
 would be home."

He pulled himself together, ran down
 the winding staircase of the front door, accom-
 panied a couple of servants who had just found
 out that John came from the door connecting
 the house with the tower.

Denied Shelter

They started at the man in amazement,
 but made no effort to stop him in their
 other bewilderment.

"The roof's fallen!" Mary cried, giving
 the explanation, almost automatically, as
 if she were speaking by rote.

IS JANE?

There are fifteen children but there is
 only 1½ years between any fourteen of
 them, which makes Jan 1890, the oldest, and
 Elizabeth, 21 yrs & 6 mos Jan 2 years
 1 month old.
 H. E. GARDNER

No. 1234 Ave. 2113-14s and Jane's
 age is 22-23 yrs.
 MISS DOUGNE RAWSON.

In saying problem on Jane's age I find
 that she is 22 years a month old, and Eve is
 7 years 1 month old.

No. 1 Central Ave., Lowell, Mass.
 Jan. 1890.

Jane is 22½ years old, Wellington
 is 21½ years old, Sadie Terry, 20
 years old, and the others are all under
 18 years old.

No. 23 Ward street, Brookline, Mass.
 Have sent in my answer some time ago,
 but perhaps you have not received it yet.
 My youngest four years old, Eve three years
 and six months, Alice two years and
 six months.
 No. 33 Summer street, Leamington.

If your mind is it impossible to find out
 the age of Jane, as the age of her youngest
 sister is not given, as I am sure my Eve
 is the youngest. The family is
 composed of— GEORGE B. WALTER,
 Lynde Park.

"They don't say open the door?"
 "I don't admit you," she said. "You can-
 not cross my threshold again."
 "What do you mean, you old hag?" he

you are suspected of the crime for which
 she is arrested—
 "What of that?" he cried, roughly.
